

Recofloor

Vinyl Take-Back Scheme

Background

Following the highly successful trial 'Recycle Your Vinyl Flooring', flooring manufacturers Altro and Polyflor have launched a new vinyl flooring take-back scheme: Recofloor. Waste vinyl flooring collected under the scheme will be recycled and diverted from landfill. Axion Consulting has been appointed agent for the new scheme.

How it works

- Client telephones to register interest with Recofloor.
- Recofloor dispatch bulk bags to client.
- Client fills up bulk bags with waste vinyl (approx 250 kg per bag), and places on pallets.
- When bags are full, client telephones Recofloor to book a collection. At this point, credit card payment is taken over the phone to pay for collection from individual contractors. **Current charges are £5 per bulk bag, minimum of 2 bags.**
- Charges apply for individual collections from contractors' or construction sites.
- Replacement bags are dispatched to clients automatically on collection request.

Alternatively, client can drop off vinyl flooring waste at one of 20 sites across the UK. Local charges will apply. For details, telephone +44 161 355 7618 and ask for Recofloor. Email: recofloor@axionconsulting.co.uk

Why take part?

- Increasingly customers are keen to see their flooring recycled at the end of life.
- This scheme complies with Site Waste Management legislation (requiring all waste to be pre-treated before going to landfill).
- It feels good to be doing your bit for the environment.
- You will receive a certificate of commitment providing you with 'green credentials' to impress your customers and help gain new contracts.

Are you a flooring distributor or Waste Transfer Station?

Could you provide a service to local contractors, enabling them to drop off their vinyl flooring waste?

If so, telephone +44 161 355 7618 and ask for Recofloor.

the future is safer with altro

Collection containers

Material will be collected in bulk bags clearly printed with the Recofloor logo and the type of material to be placed in the bag.

It is essential that uplifted flooring, safety flooring off cuts and smooth vinyl off cuts are collected in separate bulk bags.

Clear plastic sacks can be provided on request. These are useful for transporting material to drop-off sites and for filling up with off-cuts while laying flooring. They can be placed in the bulk bags ready for collection.

Contact

Axion Consulting - agent for Recofloor

Tel: +44 161 355 7618 and ask for Recofloor

Email:
recofloor@axionconsulting.co.uk

What can you collect?

Yes please 	No thanks 
Post installation, clean vinyl off cuts	Cushion flooring
Safety flooring off-cuts	Other flooring, including laminate, carpet and linoleum or flooring with jute/fabric backing
Old stock vinyl roll-ends (either smooth or safety)	General waste and rubble
Smooth uplifted flooring - depending on condition and quality. For specification details call Axion (+44 161 355 7618) and ask for Recofloor.	Wood
	Blades
	Asbestos

Please ensure all material for collection is as clean as possible.

Please note, the cost of disposing of material which cannot be recycled in accordance with the above specification will be charged to the supplier of that material and charges levied in accordance with current landfill tax prices.
